Motorcyclists Take Over Town; Many Injured

night imposed informal martial law in downtown Hollister to curb the riotous activities of an estimated 4000 motorcyclists who have terrorized the city for two days.

Almost 60 persons were injured three of them seriously. Several score arrests were made and a special night court session was con vened to punish those charged with reckless driving and drunkenness. The outburst of terrorism—wrecking of bars, bottle barrages into the streets from upper story windows and roots, and high speed racing of motorcycles through the streets came as participants in the annual "gypsy tour" sponsored by the American Motorcycle Association converged on Hollister for a three-day
